

SPA VILLAGE KUALA LUMPUR

SPA VILLAGE KUALA LUMPUR

is an oasis of regeneration and beauty in the midst of the bustling city of Kuala Lumpur. Here East meets West; new meets old, delivering a unique healing culture.

This unique retreat offers a mix of the world's most sophisticated therapies integrated with the healing practices of the region. Paying tribute to the cultural diversity and rich healing heritage of the area, this most stylish of spas blends ancient practices with modern, using natural local ingredients to provide a blissful relaxation and recovery opportunity.

Therapies range across a spectrum of treatments, from the most traditional of Malay, through to the Sensory Sound Bath Room, the only one of its kind in Asia, which will provide a combination of sensory sensations designed to soothe and heighten awareness.

In this age of technology, stress and hyper-competition, Spa Village Kuala Lumpur provides a uniquely secluded urban environment to rejuvenate, relax and take pleasure.

SPA VILLAGE EXPERIENCES

SENSORY SOUND BATH

Transport your body and mind to a state of perfect inner harmony with this one-of-a-kind combination of traditional healing practices. As your body is lulled by relaxing vibrations emanating through the specially-designed floor, the therapy begins with a full body, deep tissue massage inspired by Thai and Tui Na techniques. Your back is given extra attention, using warmed stones, essential oil-infused compresses and a rhythmical massage. An Indian head massage focuses on the marma points. The entire experience comes to an extraordinary closure with a 10-minute "Sound Bath", enveloping the body with the frequencies of our Symphonic Gong, harmonising the subtle energy and nerve paths, and leaving you feeling relaxed and rejuvenated.

MALAY FOOT STEAMING

The foot is the second heart of the body, and proper care leads to our overall well-being. Our foot steam therapy combines the best of a foot massage with a Malay herbal foot steaming and ends with a neck and shoulder massage. Conducted by the poolside treatment area, relax as each foot is massaged to loosen any knots, after which the feet are rested in a special herbal steam pot. Steam made from a blend of dried herbs and spices, including pandan, lemongrass, kaffir lime, cinnamon, clove and basil, circulates the feet to reduce tendon and ligament inflammation and water retention. While the feet get pampered, sit back and enjoy your neck and shoulder massage to further encourage you into deep relaxation.

COUPLE'S SPA EXPERIENCES

TRADE WINDS

East meets West in this popular experience. Together you will begin this treatment with an indigenous body scrub to exfoliate the skin. Gentlemen will begin their experience with the Terra Timur Body Scrub, while the ladies will experience the Papaya Gentle Body Scrub. This will be followed by the classic Swedish Massage and European Facial.

TRADITIONAL ROYAL MALAY TREATMENT

The Malay people have a long and honoured tradition of healing therapies. Special focus is given to the particular needs of men and women. Massages for men are meant to improve valour and virility. For women the treatments enhance beauty and improve fertility. In this couple's spa experience, gentlemen will be treated like the Malay warrior, Hang Tuah, while the women will be treated like the much loved princess, Tun Teja.

A Malay family who cherishes their heritage and prepares the herbs and oils has graciously shared this treatment. We invite you to enjoy it together.

Hang Tuah begins with a men's traditional Malay facial and body massage, followed by a body scrub. This massage enhances male virility. The women begin Tun Teja with a body massage and body scrub. Together they will then relax in a herbal bath to restore energy and relax the body.

One of the most interesting aspects of this Malay therapy is the use of scented body steaming. Following the bath, both men and women will be rubbed with specially blended oils and receive a body steaming. This steaming is said to delay the process of aging.

Upon finishing, the couple will sip Malay herbal tea complemented with a specially concocted traditional Malay paste. Truly you will have received the royal treatment.

NUSANTARA TREATMENT

Using the historic reference of the herbs and plants of this region, these signature treatments have been developed specifically for Spa Village Kuala Lumpur. In the Nusantara Treatment, you will experience the finest herbs of Southeast Asia.

We have selected the Gandapura treatment for him and Rose Therapy for her. The Gandapura treatment is designed to enhance male sensuality. Rose Therapy is for overall beautification and femininity.

GANDAPURA (GENTLEMEN)

The gentlemen's experience begins with a rejuvenating hair treatment and papaya (carica) body masque to exfoliate the skin. Relaxing in the steam room allows the oils to be absorbed into the hair and body. This is followed by a luxurious bath and concludes with a full body Swedish Massage.

ROSE THERAPY (LADIES)

This therapy begins with a hair treatment of rose and lavender. A rose petal body masque is applied and left on while relaxing in the steam room. This is followed by a milk bath with roses and concludes with a full body aromatherapy massage.

CHINESE PERANAKAN TREATMENT

This treatment is a tribute to the unique culture derived from the marriage of Malay and Chinese. It begins with a Milk Nectar Meditation to calm the nerves, followed by a Pearl and Rice facial. The facial includes the Traditional Egg Undulation and Mulberry Leaf Eye Treatment.

A Moxa Naval Activation to improve metabolism, ease digestion and jetlag, precedes the Rattan Tapping Qi-Gong. The treatment concludes with a custom oil massage utilising both Chinese acupressure and Malay massage.
