MORE THAN A SPA THERAPY — WELLBEING + HEALING FOR LIFE

FACIALS

CUSTOMIZABLE SKINCARE FOR GLOWING RESULTS

Power Perfectly customizable for powerful results. This facial therapy adapts to fit your every concern — from acne to aging to sun damage — while you experience complete tranquility. It begins with a specially selected exfoliating mask to prepare your skin for extraction and detoxification, and concludes with either our Cool Beam or Ultrasonic therapies based on your desired result. Skin is invigorated, hydrated, and smooth.

True Tried and true! A thorough cleansing and application of a custom enzyme exfoliation perfectly preps the skin for complexion detox. Careful extractions follow — made as painless as possible by our skilled estheticians — and then a soothing mask, selected specifically for your skin type is applied. Your face will feel refreshed and restored, and you'll feel ready to face the day. It's "truly" amazing!

Cool Beam Enjoy an incredibly relaxing facial therapy as you repair years of skin damage, pain-free. In each Cool Beam session, a healing light is applied to the face, with particular focus on fine lines, sun spots, breakouts, and irritation. The antibacterial light sparks the production of collagen, softening fine lines as it gently reduces inflammation, diminishes acne, and hydrates. Suitable for any age and every skin type!

Lift Gravity? What gravity? This uplifting therapy utilizes gentle micro current waves to tone facial muscles, stimulate protein production, and build collagen. Muscle memory is restored, natural contours return, and under-eye puffiness is diminished. The therapy's impacts are preventative as well as corrective, so the sooner you start lifting, the better your skin will be!

Illuminate Put your best face forward with this sensory experience designed to cleanse, brighten and smooth your skin. Begin with a luxurious warming honey cleanser followed by a rich rosemary and algae mud masque to purify your pores and soothe the skin. A relaxing facial massage targets pressure points and gentle extractions are performed. The facial ends with a citric acid masque enhanced by copper mist, creating a collagen enhancing, invigorating experience for the skin.

Ultrasonic The perfect combo of cleansing and correcting. The ultimate deep-pore cleansing with non-invasive ultrasonic waves make this therapy ideal for even the most sensitive skin types. Dull cells and excess oils are removed, paving the way for clearer and smoother skin. Healing nutrients go deep into the tissue to stimulate skin repair beneficial for both discoloration and scarring.

Brighten Get a gorgeous glow going, courtesy of this fine-line-erasing, dark-spot-removing, total skin booster. The resurfacing mask infuses the face with vitamins and antioxidants, including green tea and fruit extracts. The rejuvenation of the skin is then completed with a soothing, hydrating mask of hyaluronic acid and anti-inflammatory ingredients.

Magic Do you believe in magic? During this all-in-one facial our expert estheticians will focus on eye, lip, neck and décolleté concerns. High-energy sound waves ease skin congestion while delicately pushing super-antioxidants deep into the skin. This therapy superbly achieves visible age-defying results...it's magic you can see!

After Sun Soak up some hydration after a day in the sun. This cooling facial is formulated with hyaluronic acid, green tea extract, aloe vera, and other healing ingredients that hydrate and calm inflamed skin. It's the perfect way to end a sunny day!

Smart Peel Enliven your complexion with one of three Smart Peel options, selected just for your skin type. Technology-driven and botanically-based, these peels naturally lift dull skin while infusing nourishing, cell-stimulating botanicals below — all with little-to-no discomfort or residual redness. Gentle yet thorough extractions follow peel application, as does a luxurious facial massage. Relax into glowing skin.

Z Peel Gentle yet incredibly effective, our Japanese mushroom enzyme mask dissolves away excess dead skin while stimulating blood flow and encouraging natural detoxification. Careful extractions follow, and then the application of a customized mask. Fatigued skin is given new life, and signs of age melt away.

Men's Tailored especially for the active urban man. Ultrasonic cleansing targets ingrown hairs and clogged pores, leaving the face refined and smooth, while skin soothers calm irritation and redness. Relaxation is guaranteed with face, neck, and shoulder massage.

Back Don't let your face have all the fun! The back facial provides a complete cleansing for those hard-to-reach spots, combining extractions with brightening exfoliation to leave skin smooth, soft, and more even-toned. Highly recommended for the treatment of acne.

Back + Face A multi-tasking facial! This therapy begins with an effective exfoliating cleanser on your back to remove dead skin cells, followed by gentle extractions and a soothing massage. Then, our highly skilled estheticians will help you face the day with a deeply cleansing and hydrating facial — utilizing herbal antioxidants and natural nutrients.

MASSAGE

RELAX, RELIEVE PAIN, AND RESTORE YOUR BODY

Flow Love a deep tissue massage, but hate the pain? Then our signature massage is just the answer. Amazing choreographed waves of kneading open locked muscles, free energy blockages, and relieve tension. This therapy incorporates more lymphatic drainage than a traditional deep tissue, resulting in greater detoxification and an enhanced boost to the immune system.

Fusion A Swedish-based therapy combining the best-known therapeutic massage practices to provide an unparalleled hour of relaxation. Rhythmic massage movements are coupled with the use of powerful aromatherapy oils. Customize your massage with your choice of an uplifting, detoxifying, or relaxing herbal blend. Available as a couple's massage in select locations.

Deep Tissue Focus on those overworked muscles living well below the surface with this intensely therapeutic massage. Designed to relieve pain associated with muscle knots, heavy physical activity, and everyday stress, this therapy is deliberate and customized, targeting specific areas in need of relief. Available as a couple's massage in select locations.

Sports Customize this massage to fit your active lifestyle. A prevent massage kicks overused and stressed muscles into gear using quick, stimulating strokes and dynamic stretching. For post-event, expect a restful yet thorough massage that repairs your fatigued muscles. Whatever your needs, this massage is built to improve flexibility, help prevent injuries, and prepare your mind and body for optimal performance.

Prenatal Massaging for two? Designed specifically for women in the second and third trimesters of pregnancy, this deeply soothing therapy works to improve circulation, reduce swelling in hands and feet, and release tension in the lower back, neck, and shoulders. (Note: massage is not recommended during your first trimester.)

Shiatsu Finger and palm pressure, stretches, and other massage techniques come together to shiat-you into a new state of wellbeing. This ancient therapy encourages the proper flow of Qi, or life energy, which in turn improves circulation, relieves stiff muscles, and alleviates stress. Guests should wear loose fitted and expect to change positions throughout the massage.

Om Body Therapy "Tui Na" Bring balance to the body with this Chinese Taoist and martial arts based therapy. Multiple hand techniques including brushing, kneading, and rolling are used to massage the body, while acupressure techniques are integrated to better the flow of Qi, or energy, through the muscles. An excellent approach to healing tendons, ligaments, and joints.

Craniosacral Relieve your headaches, stiff neck, and achy back pain with this unique healing body therapy. Through gentle pressure and small rhythmic pulses, this therapy will clear blockages around the spine, skull, and surrounding connective tissue to restore craniosacral rhythm. You will leave feeling alleviated, relaxed and tension-free.

Reflexology Rebalance with reflexology, an ancient healing technique. Pressure is applied to distinct reflex points on the body using specific thumb, finger, and hand techniques, with particular emphasis on the feet. The therapy releases energy and improves circulation, contributing to overall wellbeing. Reflex and relax!

Thai Enjoy an amazing hour with this unique blend of yoga and massage. Each session mixes yoga contact work with assisted stretching to improve body alignment — you'll emerge feeling balanced, elongated, and relaxed. We recommend that you wear yoga or loose-fitting clothing and socks for this therapy.

Thai + Massage Stretch your wellbeing potential with this 90-minute combination therapy. The first 30 minutes will incorporate a series of assisted stretches — employing yoga, acupressure and relaxation techniques. Then you'll relish in 60-minutes of relaxing restoration with the massage modality of your choice. Please wear yoga or loose-fitting clothing for the first part of this therapy.

ACUPUNCTURE + HEALING

AN ANCIENT PRACTICE SUITED FOR TODAY'S NEEDS

Acupuncture for Pain Relief* There's 5000 years of power behind this pain relieving technique. Acupuncture is a time-tested tool that reduces pain and increases function, no matter what ails you. Pinpoint and effectively treat chronic or acute pain, sports injuries, sciatica, migraines, and more.

You will feel lighter and energized throughout the day.

Acupuncture Massage* Two supremely restorative practices join forces to rebalance mind and body alike. Acupuncture points are chosen based on your specific needs. Needling is followed by a relaxing massage that boosts the results of the acupuncture. This therapy offers a great option for those looking to both improve wellbeing while enjoying real relaxation.

Facial Rejuvenation* A pointedly powerful facial. Deep Detox Reduce the appearance of cellulite while firming and toning the skin with this detoxifying therapy. The therapy begins by targeting problem areas with electric muscle stimulation, and is followed by a Shea butter detox masque infused with nourishing sake and circulation-boosting red pepper to further the detoxification process. The skin is then rehydrated with a deep massage using warm oil blended with ginger, rosemary, and black pepper.

Hamam Detox Therapy Experience our signature revitalizing body scrub therapy as you lounge inside the co-ed hammam. First, enjoy a head-to-toe wash of warm water to soften skin, increase perspiration, and stimulate detoxification. Then relax on the heated hammam stone and experience a two-step exfoliation, including an organic aromatherapy scrub customized to your preference of scent. Finally, all traces of scrub are rinsed away with soothing, cooling water, and an aromatherapy mist is applied to seal in the therapeutic benefits. (Note: Bathing suit required for this therapy.)
