Winter in New York City is one of the most iconic seasons for our “Home on the Park” — from ice skating across the street in Central Park to visiting one of the many famous museums minutes from our doors. After exploring the winter fun all around us, there is no better way to warm up and unwind after than with our Winter Afternoon Tea Menu. Sip seasonal Blend teas, enjoy comforting savory sandwiches and indulge delectable sweets

Nutcracker Seasonal Blend

Nutcracker features a full-bodied Ceylon black tea infused with the rich flavors of hazelnut and aromatic vanilla. Wonderful on its own and richly decadent with a drop of milk.
