

OUR VINTNER OF THE MONTH IN SEPTEMBER
WINERY AVIGNONESI
TOP WINERY FROM TUSCANY IN ITALY

The Avignonesi wines enhance the richness and elegance of the Montepulciano heritage. Sangiovese wines have been produced for centuries here, and the fascination that lies around this appellation is elevated by the "back to basics, no un-natural intervention" approach that biodynamic viticulture entails.

"Healthier wines for healthier people, but also a healthier land and a healthier environment to pass on the future generations"
