LIGHT KEEPERS

With decor inspired by the Cape Florida Lighthouse, we invite you to immerse yourself in the legacy of the courageous Florida watchmen and women while indulging in the day's fresh catch. Lightkeepers encapsulates the storied maritime legacy of Key Biscayne. Most of these men and women served as keepers in the 19th century, lighting the lamps in the tower at dusk, replenishing their fuel at midnight and polishing the lamps and lanterns every morning—to keep their lights shining brightly.

Inspired by their dedication, this name is a tribute to these courageous 'Guardians of the Light' that watched over the ships traveling through the reefs and hazardous waters along the Florida coast. A lively locale with a unique design inspired by the Cape Florida Lighthouse, we invite you to share in the stories of 'Lightkeepers' while enjoying the bounty of the Florida coast. Far from exclusive, our lamp burns bright for all who need a place to rest, recharge, or revel.
